European Union for Law Enforcement in Albania (2nd phase) EU4LEA 2

RECRUITMENT OF PERMANENT EXPERT ON PROSECUTION OF ORGANIZED CRIME AND CORRUPTION CASES AT EU4LEA 2 PROJECT

Background information:

Albania maintains a high political engagement toward the EU accession process. In the context of accession negotiations, Albania submitted the three roadmaps that will guide its reforms efforts, including the Rule of Law roadmap that extensively addresses subfields such as justice reform, the fight against corruption, fundamental rights, the fight against organized crime, migration, asylum and visas.

In October 2024 the EU opened negotiations with Albania on Cluster 1: Fundamentals, which includes Chapter 23 – Judiciary and fundamental rights and Chapter 24 – Justice, freedom and security. The EU and Albania agreed on interim benchmarks to be met during the negotiation process both on the horizontal level for the cluster, and specifically for chapters 23 and 24.

Also, Albania has actively engaged in the implementation of the new Growth Plan for the Western Balkans across the four pillars of gradual integration with the EU single market, regional economic integration, fundamental reforms and increased financial support. The Reform Agenda covers several areas of reforms including fundamental rights and the rule of law. Finally, for the first time, the European Commission's 2024 rule of law report covered Albania.

In this evolving context towards EU accession, the phase 2 of the European Union for Law Enforcement in Albania (EU4LEA 2) Project seeks to provide targeted support to Albania to promote full alignment under chapter 23 and 24.

The expected impact of EU4LEA 2 is that Albanian capacities to fight organized crime and corruption are upgraded, in line with key provisions under the EU accession pathway. Support will be provided to Albanian institutions in their efforts against organized crime networks and high-level corruption.

To this aim a team of 5 Permanent Experts (project coordination, organized crime investigation, organized crime and high-level corruption prosecution, financial investigation, evolutionary form of organized crime/forensics) will be deployed alongside mid-term and short-term expertise in relevant subjects.
